# Step 2 continued

You must select the additional required electives for your grade level. Most do not require a teacher recommendation.

Most importantly, you must select the required academy elective that corresponds to your year of study. For example, if you are entering the academy for the first time, select the first year course. If you are currently taking the first academy course for your academy strand, then select the second year course and so forth.

# Step 3

- On the back of the subject selection sheet you will be selecting 8 additional electives. Please refer to the information for graduation requirements to help you select your electives. Keep in mind that although a foreign language is not a requirement for graduation, two years of the same foreign language are required for admissions to universities, scholarships, and academy completion.
- Number your choices in order of preference (that is, place a number 1 next to the course you want the most, number 2 as the course you would like to take second-best, etc.)
- Notice that some courses require a teacher recommendation. Please refer to your teachers in Band, Dance, or Acting for assistance with recommendations or see your counselor.
