## In the Know...

### MOVIES -

Did you know that movies played in your classroom need to correlate to one of your educational/teaching objectives? There is a form on our website that you need to complete, have signed by your department chairperson, and place in your lesson plan book.

### END OF YEAR

Have you checked your Destiny account lately? We are finalizing our inventory soon and we need for teachers to begin returning books and materials that you are not currently using. Our policy for equipment is still in effect. Overhead projectors and carts should be labeled with your name and room number. These you may keep and secure in your classroom. Please, begin to return items. Also, make sure your students have cleared their accounts.

## CORE VALUES—CARING

This act of generosity is applauded.

Pay it forward!!!
