

Extra! Extra! Read All About It!

- We open Monday—Friday at 6:40 a.m. Mrs. Dill closes the Information Center on Mondays—Thursdays at 3:30 (but we ask the students to leave at 3:20). We are not open after school on Fridays.
- We offer laminating and binding services to our students. We have a poster outside AND inside the Information Center with the services we provide and pricing. If we know in advance that your students will be laminating or binding their projects we are able to make sure we have enough supplies.
- Mr. Sell's TV Production students are working on completing the orientation video for our 9th graders. Do not wait to receive the orientation. Please begin to schedule your classes to come check out books.
- Please see and collaborate with Ms. Lissette Alvarez if you are in need of lessons for your classes.

Our **media center staff** is friendly, welcoming, and always willing to assist. Please feel free to stop by, call us, or email us

PROJECTS/RESEARCH ASSIGNMENTS

 When you assign projects/research to students, encourage them to use print resources in addition to the Internet.

 Encourage the students to use our Virtual Library instead of a search engine.

 Encourage your students to turn in a bibliography and avoid plagiarism.

 Ms. Garraux is seeking funds to renew our TurnItIn subscription which expires in February 2010. Have your students turn in their assignments to you via this service/program.

Ms. Alvarez will be glad to teach the Virtual Library, MLA, plagiarism, as well as other lessons to your students.
